ORACLE

Validated Integration

Oracle E-Business
Suite

Kevin O'Brien, Sr. Director, ISV and SaaS Strategy, Oracle Corporation

*"Apps Associates ShipConsole delivers value during the critical last-mile of the parcel shipping process through the direct integration with the Oracle E-Business Suite. The **Oracle Validated Integration** of ShipConsole to the Oracle E-Business Suite Release 12.1 **validates that the products work together as designed.** This can help **reduce risk, improve system implementation cycles, and provide for smoother upgrades** and simpler maintenance for customers."*

Increase Efficiency

- ShipConsole improves shipping efficiency by over 60%
- Out-of-the-box Oracle integration – no development or customization needed

James Barron, Sr. Systems Analyst, Hologic

*“ShipConsole has **dramatically improved productivity** by providing a simplified single user interface which integrates with our carriers and streamlines Oracle Shipping Execution. Our shipping departments rely heavily on this important tool which not only **speeds up our process**, but provides **better reporting and tracking capabilities** than existed prior to ShipConsole.”*

Enhance Customer Satisfaction & Loyalty

- Automatic email notifications with tracking numbers to customers
- Integrated shipment tracking
- Instantaneous access to proof-of-delivery documentation

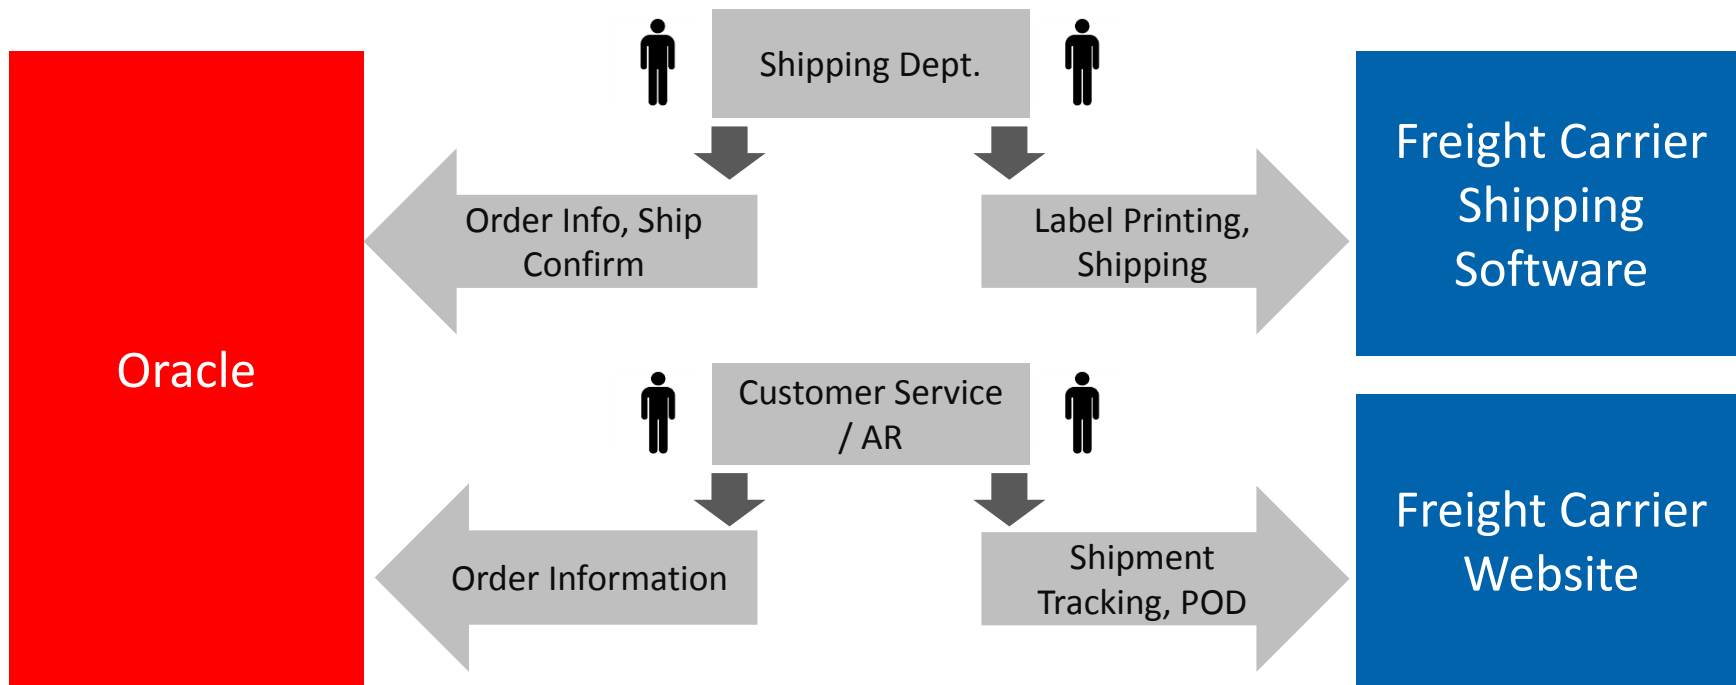

Streamline International Shipping

- Denied Party Screening
- Integration with AES Direct for filing Electronic Export Information
- Printing of commercial invoices and other customs documentation

Without ShipConsole – Multiple Interfaces
